## 2014 Year in Review

### First Appearance in MTR Stations

BEAM Society Limited (BSL) have made our first presence at more than 20 MTR stations along different lines for promoting **BEAM Plus Certification** in October and November 2014.

## First Batch of BEAM Affiliates

The **1<sup>st</sup> BEAM Affiliate Certification Ceremony** was held successfully on 16 October 2014 at Jockey Club Environmental Building, Kowloon Tong. It was a great honour to have Mr WONG Kam-sing, JP, Secretary for the Environment, HKSAR Government, to officiate at the ceremony and present certificates to the accredited BEAM Affiliates.

A **BEAM Affiliate** is a person accredited by the Hong Kong Green Building Council Limited (HKGBC) as being competent to support green building design, construction and operations. The BEAM Affiliate Training and Examination, organised by BSL, aims at equipping participants with knowledge in green building in the areas of design, construction, operation, maintenance, as well as the BEAM Plus rating tool.

The programme welcomes practitioners or technical staff working in the construction/real estate industry, interior design practitioners, or recent degree graduates who are in the process of working towards a professional qualification. The credential also provides an individual who cannot yet meet the BEAM Pro requirement with **an alternative route to becoming a BEAM Pro**.

**The 3<sup>rd</sup> BEAM Affiliate Training and Examination will be open for registration on a first-come-first-served basis soon. Stay tuned!**

The 1<sup>st</sup> BEAM Affiliate Training was organised by BSL on 25 June 2014. Over 100 BEAM Affiliates have been accredited since the launch of the new credential in 2014.

Mr Wong Kam-sing, JP, Secretary for the Environment (fourth right), Ir Conrad WONG, BBS, JP, Chairman of HKGBC (third right), Prof. John NG, Chairperson of BSL (fourth left) and Ms Yvonne IEONG, Convener of BEAM Affiliate Roll-out Task Force (third left) took a group photo with the guests and BEAM Affiliates.

## BSL's Participation in Eco Expo Asia 2014

BSL was one of the supporting Organisations of Eco Expo Asia, organised by the HKTDC and Messe Frankfurt (HK) Ltd.

The Fair, held from 29 October to 1 November 2014 at AsiaWorld-Expo, is an international trading platform showcases the latest innovations in environmental protection industries from around the world. Areas of specialty covered at the fair include Air & Water Quality, Eco-friendly Product, Energy Efficiency & Energy, Green Building as well as Waste Management and Recycling.

Our booth offered visitors interactive game related to the key aspects under BEAM Plus assessment.
