

Hybrid Seminar on

Mastering ESG Management and Strategies: Leading the Way to Sustainable Success

This seminar brings together practitioners from PwC, Nan Fung Property Management, Tam Jai International, and HKU to share practical strategies on ESG integration. Topics include TNFD framework implementation, embedding ESG across operations, and understanding ESG-related financial effects – illustrated through real-world case studies from property management, the F&B sector, and consulting. Participants will gain actionable insights for driving sustainable success.

Speaker Biography

Ms Daisy Chee

Associate Director, Consulting – Sustainability

PwC Hong Kong

Daisy is a seasoned sustainability professional with 15 years of experience spanning consulting, corporate, and non-profit sectors. Currently at PwC, she advises clients on ESG disclosures and the enhancement of ESG performance.

Throughout her career, Daisy has led the development of sustainability reports for publicly listed companies, supporting them in setting climate targets, conducting carbon footprint assessments, and performing scenario analyses. Her experience also includes ESG data management, improving ESG ratings outcomes, and pioneering nature-related disclosures aligned with the Taskforce on Nature-related Financial Disclosures (TNFD).

In the social dimension, Daisy has managed corporate social responsibility (CSR) communications and community programmes. Her passion for sustainability is reflected in her global engagement, including participation in the 2041 Inspire Antarctic Expedition and service as a Global Shaper at the World Economic Forum.

Ms Kiwi Man

Manager - Sustainability

Nan Fung Property Management

Kiwi currently serves as Manager - Sustainability at Nan Fung Property Management, where she oversees the integration of sustainability strategies across a diversified property portfolio, including the landmark project AIRSIDE. She advances the adoption of sustainable and smart operational practices in day-to-day management. With more than eight years of industry experience, she possesses extensive expertise in corporate sustainability and green building management, covering the formulation of sustainability frameworks, stakeholder engagement, and the strategic execution of ESG initiatives with technical precision.

As a seasoned sustainability professional and Certified ESG Analyst®, Kiwi holds a Master of Science in Environmental Engineering and Management. She plays a key role in cementing Nan Fung Property Management's position as an industry pioneer in transparency and sustainable development.

Ms Ming Chan

Corporate Communications Director

Tam Jai International Co. Limited

Ming Chan is the Corporate Communications Director at Tam Jai International, a leading restaurant group in Hong Kong with businesses across Mainland China, Singapore, Japan, Australia, Malaysia and the Philippines. She is a seasoned communication professional with around 20 years of experience in public relations, sustainability, investor relations, branding as well as news reporting.

Prior to joining Tam Jai International, Ming held leadership roles in the communication teams for Sa Sa International, Hong Kong Airlines and Strategic Public Relations Group. Her contributions in developing award-winning communication, branding, sustainability and investor relations strategies have played a vital role in maintaining strong relationships with multiple stakeholders.

She has been passionate about nurturing the younger generations through speaking at various conferences and academic institutions.

Dr. Eric Luk

Lecturer, Centre for Civil Society and Governance

HKU

Dr Eric Luk is a lecturer at the Centre for Civil Society and Governance in the Faculty of Social Sciences of HKU. He received a Doctor of Business Administration from Hong Kong Baptist University, and his doctoral research focuses on the role of external reviewers in the global sustainability-linked bond market. Dr Luk teaches a number of Undergraduate and Postgraduate courses on corporate sustainability, sustainable and responsible investment, and sustainability disclosures.

Eric has more than 20 years of professional experience in consulting firms, listed and non-listed companies in Hong Kong, China, Asia, Europe, and the Middle East. He has advised clients on matters relating to sustainability and climate change strategies, sustainable finance and managing greenwashing risks, establishing net-zero transition plans, setting ESG and Science-based Targets, ESG indices and ratings, developing training and capacity building, conducting climate risk assessment on physical and transition risk, as well as regulatory and voluntary sustainability reporting and climate-related financial disclosures. Eric has also been a member of Deloitte’s Global Sustainability Reporting Standards Expert Advisory Panel, which monitors new sustainability reporting and assurance standards and provides guidance materials to help practitioners interpret and apply them. In addition, he is a member of HKICPA’s S1 and S2 Implementation Platform Panel, a Chartered Accountant and a Certified Public Accountant.
