

# [Free Webinar] The Introduction of Compliance Assessment (CA)

## Introduction

In response to the latest development on Buildings Department's (BD) consultancy study on "Review of the Mechanism for encouraging a Quality Built Environment through GFA Concession", BEAM Society Limited (BSL) has implemented changes in the assessment procedures to cater for the new GFA concession mechanism to be put into practice in the near future.

Compliance Assessment (CA) is introduced with the aim to facilitate the industry to offer BD assurance on the projects' green building performance at the Occupation Permit (OP) stage. It advances an optional interim assessment for projects undertaking BEAM Plus New Buildings Version 2.0 (NB v2.0) before the issuance of OP.

Trial run of CA is launched in iBEAM system and applicants are welcome to provide feedback for refinement before the formal implementation of CA.

**CPD Entitlement: 1.5 CPD hours**

**Language: Cantonese**
