# International Conference on Roads and Railways 2025

## Building Smart and Green Transport Infrastructure

### About the Conference

The International Conference on Roads and Railways 2025 (ICRR2025) aims to bring together global experts, engineers and industry leaders in road and railway development for knowledge exchange and sharing. ICRR2025 will take place at the Hong Kong Convention and Exhibition Centre on 12 and 13 June 2025, with the theme of “**Building Smart and Green Transport Infrastructure**”.

The term “Smart” represents the integration of cutting-edge technologies and innovative approaches in design, construction, and operation of roads and railways, while the term “Green” emphasises the importance of sustainable practices and environmental considerations in development of roads and railways. By focusing on the themes of “Smart” and “Green”, ICRR2025 aims to underscore the significance of adopting forward-thinking and environmentally conscious approaches in road and railway development.

ICRR2025 will focus on showcasing the best practices and technological advancements of “Building Smart and Green Transport Infrastructure” worldwide. The conference will also highlight the prospects of Hong Kong’s major road and railway development beyond 2030.

ICRR2025 will serve as a platform to strengthen global collaborations among academics, government officials, professionals and industry practitioners, including suppliers, consultants and contractors. This will help attract enterprises, investment and talents to enhance the competitiveness of Hong Kong.

Keynote speakers include Ms. Mable CHAN, the Secretary for Transport and Logistics of the Government of the Hong Kong Special Administrative Region (HKSAR); Ir Tony YAU, the Director of Highways of the Government of the HKSAR; Mr. Darryl CHAN, the Deputy Chief Executive of the Hong Kong Monetary Authority; as well as Ir HON Chi Keung, the Chairperson of the Building Technology Research Institute.

Don’t miss the opportunity to be part of this transformative conference designed to foster solution-focused learning and provide a global forum for exchanging innovative ideas and best practices. Join us at ICRR2025 ([www.icrr2025.com](http://www.icrr2025.com)) and be at the forefront of shaping the future of smart and green road and railway infrastructure.

# International Conference on Roads and Railways 2025
