CPD Seminar Professional Knowledge Advancement Scheme – The Development and Application of Green Building in Hong Kong and the Greater Bay Area (GBA)

The CPD event presents a distinct platform for participants to gain invaluable insights into the green building development in Hong Kong and the Greater Bay Area (GBA). It encompasses a meticulous examination of essential knowledge frameworks and an in-depth exploration of the latest market developments. Through a seamless integration of knowledge, market insights, and practical applications, the program aims to equip Hong Kong professionals with a comprehensive understanding of green building, carbon reduction, and carbon neutrality.

This empowers them to continuously enhance their professional capabilities and actively contribute to the progress of sustainable practices within their respective industries.

This event consists of a seminar, followed by a voluntary technical visit at a green building with good operating practices in Hong Kong.

3.5 CPD hours for BEAM Pro and BEAM Affiliate

The CPD hours will be automatically uploaded to attendees' BEAM Pro / BEAM Affiliate Individual Account; Certificate of Completion will be issued via email within 1 month after course completion.
