Organised by BEAM Society Limited

Experience Sharing of CASA SIERRA - Hong Kong's First Project Accredited under the BEAM Plus Elderly-Friendly Building Certification Scheme – New Buildings v2.0

Congratulations to the Hong Kong Housing Society (HKHS) for reaching a remarkable milestone — Casa Sierra (樂嶺都匯) has become Hong Kong's first development accredited under the **BEAM Plus Elderly-Friendly Building Certification Scheme – New Buildings v2.0**.

Jointly launched by the Development Bureau, BEAM Society Limited (BSL) and the Hong Kong Green Building Council (HKGBC), the Scheme encourages best practices in designing buildings that are both elderly-friendly and inclusive, fostering a more accessible and caring built environment for the community.

Located in Fanling, Casa Sierra has demonstrated the power of thoughtful design to enhance comfort, safety, and quality of life for all building users. Join us to explore how BEAM Plus can be integrated into elderly-friendly design. Our distinguished speakers will share their expertise and insights across the following sessions:

Part I – The Hong Kong Housing Society (HKHS) Ageing-in-Place Design Approach
Part II – Elderly-Friendly Features in Casa Sierra
Part III – Key Highlights of the BEAM Plus Elderly-Friendly Design Accreditation

2 CPD hours for BEAM Pro and BEAM Affiliate

The CPD hours will be automatically uploaded to attendees' BEAM Pro / BEAM Affiliate Individual Account; Certificate of Completion will be issued via email within 1 month after course completion.

BEAM Pro & BEAM Affiliate CPD auto record at Individual Account
