

Organised by BEAM Society Limited  
Updated Assessment Procedure -  
Implementation of Compliance Assessment (CA) -  
Cantonese Session

In view of the Buildings Department (BD) latest revision of the PNAP APP-151, BEAM Society Limited (BSL) has introduced an optional Compliance Assessment (CA) route to facilitate the industry in meeting the statutory requirement for their project.

CA is introduced with the aim to facilitate the industry to offer BD assurance on the projects' green building performance at the Occupation Permit (OP) stage. It advances an optional interim assessment for projects undertaking BEAM Plus New Buildings Version 2.0 (NB v2.0) before the issuance of OP.

In this CPD training, the speakers will give an introduction on the implementation of the CA, relevant procedures, highlighting the key milestones and advice on the preparation of the project to ensure a smooth transition from the Provisional Assessment (PA), CA and the Final Assessment (FA).
