

Organised by BEAM Society Limited (BSL)

BEAM Plus Existing Data Centres Version 1.0 Upgrade Training Course for BEAM Pro is now available on Online Training Portal

BEAM Plus Existing Data Centres v1.0 Upgrade Training Course

Introduction

BEAM Society Limited (BSL) has officially launched **BEAM Plus Existing Data Centres v1.0** in September 2021.

The Tool is tailored for data centres with high power and cooling system consumption. BSL cordially invites BEAM Pro to participate in this Upgrade Training Course which enables you to gain the knowledge of BEAM Plus Data Centres, including framework, benefits and credit requirements of the tool.

BEAM Pro (EBv2.0) will be accredited as **BEAM Pro (EDC v1.0)** after course completion.

Upon course completion, BEAM Pro will:

- Attain the professional qualifications to carry out BEAM Plus Data Centres projects
- Be familiar with the grading, credit requirements and features of BEAM Plus Existing Data Centres

Speaker

Ir CF Leung

Director – Operations of Business Environment Council Limited

Ir CF Leung has been spearheading the development of sustainable buildings by leading and providing advisory services on a large number of green building initiatives and delivering training to building professionals.
