

Technical Seminar

Data Centre Decarbonization from Design to Operation

Program Overview

This technical seminar is jointly organized by ASHRAE Hong Kong Chapter and Nano and Advanced Materials Institute (NAMI).

The aim of this seminar is to invite the professionals and experts to share their best knowledges and valuable experiences on planning, design, construction and operation of green data centres to achieve energy efficient and carbon neutrality.

Charles K Kao Auditorium,
Hong Kong Science Park

24 September 2024 (Tuesday)
9:30 AM - 1:00 PM

Language: English

3 CPD hours

Free of charge
(First-come-first-reserved basis)

Enquiry

For enquiry, please contact Mr. Taylor Chow
at (+852) 6014 2397 / taylor3907@gmail.com

Registration

Deadline of Registration: 17 September 2024

ASHRAE Hong Kong Chapter

P.O. Box 35612, King's Road Post Office, North Point, Hong Kong Email: info@ashrae.org.hk Web: ashrae.org.hk

Nano and Advanced Materials Institute

Units 515-516, Lakeside 1, No. 8 Science Park West Avenue, Hong Kong Science Park Email: bizdev@nami.org.hk Web: nami.org.hk

Technical Seminar - Data Centre Decarbonization from Design to Operation

PROGRAMME

Time	Rundown
09:00	Registration
09:30	Welcome Address Dr. Ivan Sham, <i>Chief Commercial Officer, Nano and Advanced Materials Institute</i>
09:35	Opening Speech Mr. Brian Sun, <i>Chief Systems Manager, Office of the Government Chief Information Officer</i>
Session 1: Design for Green Data Centre	
09:45	Innovative Cooling Technology for Supercomputer Data Centre - Speaker: Dr. Eric Kwok, <i>Senior Technical Manager, Nano and Advanced Materials Institute</i>
10:05	Design Stage: Tier Certification - Speaker: Mr. Alfred Lam, <i>Director - Business Development, Greater China, Uptime Institute</i>
10:25	Development of Green Building Materials for Data Centre Decarbonization - Speaker: Dr. Yanmin Wu, <i>Senior Technical Manager, Nano and Advanced Materials Institute</i>
10:45	1st Session: Q&A Session
10:55	Tea Break
Session 2: Data Centre Decarbonization from Planning to Operation	
11:25	AI Energy Optimization from Cooling to iCooling - Speaker: Mr. Raymond Leung, <i>Chief Technology Officer, Huawei Hong Kong Digital Power</i>
11:45	Sustainable and Resilient Data Centre - Speaker: Ir Clement Chung, <i>Director, Arup</i>
12:05	Data Hall Airflow Optimization - Speakers: Ir KW Tang, <i>Director, Equinix, Inc.</i> Dr. Oscar Chan, <i>Research Assistant Professor, The Hong Kong Polytechnic University</i> Ir Victor Auyang, <i>Principal Manager, CLP Power Hong Kong Limited</i>
12:35	2nd Session: Q&A Session
12:45	Closing Address Mr. Taylor Chow, <i>President, ASHRAE Hong Kong Chapter</i>

Remark: The Organizers reserves the right to modify and update the program without prior notice.

Supporting Organizations:

- Architectural Services Department
- Asian Institute of Intelligent Buildings
- BEAM Society Limited
- Building Services Operation and Maintenance Executives Society
- Business Environment Council
- Electrical and Mechanical Services Department
- Energy Institute Hong Kong Branch
- Hong Kong Green Building Council
- Institution of Mechanical Engineers Hong Kong Branch
- International Facility Management Association Hong Kong Chapter
- The Association of Energy Engineers Hong Kong Chapter
- The Chartered Institution of Building Services Engineers Hong Kong Region
- The Hong Kong Air Conditioning and Refrigeration Association Limited
- The Hong Kong Institution of Engineers, Building Services Division
- The Hong Kong Institute of Facility Management
- Uptime Institute
