Post-examination

Why BEAM Pro (EDC)?

This course provides in-depth knowledge of BEAM Plus Existing Data Centres (EDC) assessment tool for practitioners who aim at earning the green building professional credential to demonstrate their expertise required for BEAM Plus submission.

Upon completion, you shall be proficient in:

- The framework of BEAM Plus EDC v1.0
- The grading scheme, credits and features of BEAM Plus EDC v1.0

The trainers of the BEAM Pro Training are invited from the Green Building Faculty, which consists of a group of experts and professionals that supports the initiatives of green buildings and sustainable environments in Hong Kong.

Topics covered:

Sustainable Site (SS)

Integrated Design and Construction Management (IDCM)

Energy Use (EU)

BEAM

Materials and Waste (MW)

Health and Wellbeing (HWB)

Management (MAN)

Water Use (WU)

Innovations and Additions (IA)

You MUST fulfil one of the following:

- 1. A **degree or equivalent** in Built Environment related disciplines; and
- 2. At least **3 years** postgraduate professional experience; and
- 3. Qualification as a **full** member of a relevant professional institute (HKIA, HKIE, HKIH, HKILA, HKIP, HKIS or equivalent, or possessing the type of membership in a professional body recognised by the Property Management Services Authority (PMSA) as acceptable for becoming Tier 1 Property Management Practitioners)

OR

- A degree or equivalent in Built Environment, Housing Management, Property Management, Facilities Management, Engineering, Surveying or other related disciplines; and
 - 2. At least 5 years postgraduate professional experience

Register for an Online Training Portal Account and **BEAM Pro Fundamental Course** on Online Training Portal (Existing BEAM Pro can skip this step)
