CPD Hours
1.5 hours

Admission
Free

Quota
1000 Persons
(First-come-first-served)

Delivery
Online participation via ZOOM
(Pre-registration required)

Moderator
Ms. Yvonne IEONG

Synopsis

The CIC Green Product Certification (GPC) adopts a comprehensive approach to evaluate multiple environmental aspects such as carbon footprint, greenhouse gases emission, human toxicity, resource consumption, ecosystem impact etc., of building and construction materials and products. It provides a transparent platform for stakeholders to make an informed choice on selecting sustainable materials and products. In the seminar, guest speakers would provide an introduction of the certification, as well as give a sharing on how it helps with green procurement and gaining credits and bonus under BEAM Plus NB v2.0.

HKIA Representative

Mr. Nicholas HO

Chair of HKIA Board of Local Affairs

CIC Representative

Ms. Margaret HO

Manager, Industry Development, Environment & Sustainability, Construction Industry Council

Introduction of BEAM Plus and credits related to GPC

Ir C. S. HO, General Manager, BEAM Society Ltd

Ir C. S. HO is currently the General Manager of BEAM Society Ltd, Chairman of Hong Kong Quality Assurance Agency, the Co-Convenor of the Committee on Green & Sustainable Finance of UNESCO HK Association, a Barrister-at-law at the High Court of Hong Kong, and an Adjunct Associate Professor of the University of Hong Kong, teaching engineering and legal subjects at both the graduate and post-graduate levels.

Sustainable Procurement: Catalysing the Net-Zero Transition

Mr. Patrick HO, Deputy Head, Sustainable Development, Swire Properties Limited

Patrick Ho, Swire Properties' Deputy Head, Sustainable Development, is responsible for formulating and executing a corporate sustainability strategy for the Company's global operations across Hong Kong, Chinese Mainland and U.S.A. portfolios. Through engaging stakeholders, setting targets and developing action plans, he leads a team to manage the full spectrum of the Company's environmental, social and economic impact and to integrate ESG considerations into every facet of Swire Properties' business.
