

IMS Policies

BEAM Society Limited maintains an Integrated Management System complying with the requirements of ISO 9001, ISO 14001 and ISO 45001. We incorporate quality, environmental, health and safety considerations to all aspects of our works and operations. We are committed to:

- striving for excellence in service provision quality to achieve customer satisfaction
- maintaining across the board a level of integrity expected of a scheduled public body
- complying with applicable legal and other requirements
- creating a safe, green and sustainable built environment for the community
- monitoring the performance of our contractors to ensure their compliance with our requirements
- preventing pollution and mitigating potential environmental impacts arising from our projects and operations
- observing the principles of reduction of consumption, reuse and recycling of resources wherever practicable
- providing a safe and healthy work environment for our staff members and visitors
- including feedback from our staff members on health and safety issues to eliminate potential hazards and reduce risks

We achieve continual improvement through regular review of the effectiveness of our Integrated Management System as well as its Objectives and Targets.
