

BEAM Plus Neighbourhood (ND) Training and Examination

What is BEAM Professional (BEAM Pro)?

BEAM Professionals (BEAM Pro) are accredited by the Hong Kong Green Building Council (HKGBC) to promote the principles of green building and to facilitate the green building certification process. They are green building professionals trained in various aspects of the entire green building life cycle. The key role of BEAM Pro is to integrate the latest green building standards and practices into everyday building planning, design, construction and operation.

About BEAM Pro Training and Examination

The BEAM Pro Training and Examination is organised by BEAM Society Limited (BSL). Green building practitioners aiming at gaining the BEAM Pro accreditation **are required to complete the online Fundamental Course** on **BSL's Online Training Portal** as a prerequisite before opting into any elective courses as below:

- BEAM Plus New Buildings (NB)
- BEAM Plus Existing Buildings (EB)
- BEAM Plus Interiors (BI)
- BEAM Plus Neighbourhood (ND)

After completing the training, candidates are required to take and pass the examination to gain the credential.

About BEAM Plus Neighbourhood (ND) Training (ND-2017-1024 / ND-2017-1024S)

BEAM Plus Neighbourhood (ND) helps define performance criteria for the masterplan of a development project through a range of sustainability indicators including socio-economic and environmental aspects. The tool aims to apply sustainability principles at the early or inception stage of a project with emphasis on community engagement, placemaking, sustainable living, ecology and outdoor environmental quality. In addition to the current framework of BEAM Plus, a new aspect, Community Aspects, is added to embrace the community and social elements of a development.

Form of Training: Video Course
