Introduction

Green Finance is a strategic tool for promoting the economic development and regional cooperation in the Guangdong-Hong Kong-Macao Greater Bay Area and along the Belt and Road. In keeping with the development of the national Green Finance policy and being supported by the Hong Kong SAR Government, Hong Kong Quality Assurance Agency (HKQAA) has taken the lead to develop the Green Finance Certification Scheme to provide third-party conformity assessments for Green Finance issuers since 2016.

This scheme aims at helping the financial sector to explore new commercial and business opportunities in the Green Finance market, promoting a common understanding of Green Finance, and fostering environmentally-friendly investments in Hong Kong, the Mainland and worldwide. The ultimate goal of HKQAA is to facilitate the development of green finance and green industry, thereby paving the way to a greener and more sustainable future.

During the Seminar, the Speaker will share with audience the details of the scheme and related ISO Standards.

Speaker:

Ms Ivy Leung

Manager, Market & Technology of HKQAA

Ivy Leung joined HKQAA in 2004 who is now responsible for the new services development and had worked in different units including customer service, business analysis, performance improvement, accreditation, market & technology in the Agency which gave her a solid experience with the operation of the certification services. Apart from internal operation, she also participated in audits of quality management system, occupational health and safety management system, IT management system for different industry sectors such as construction, engineering, manufacturing, property management, transportation, hospital, government departments and NGO in Hong Kong, Macau and Mainland China.
